REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance:

Claims 25-31 and 43-59 are allowed because none of the prior art references of record teaches an ink cartridge for use with a recording apparatus comprising a press member that is separate from a cartridge case and is held by the cartridge case so that the consumption of ink from an ink pack does not cause movement of the press member in the combination as claimed.

Claims 60-76 are allowed because none of the prior art references of record teaches an ink cartridge for use with a recording apparatus comprising an ink pack press member having a tapered surface which is gradually thicker toward a periphery of the press member and which presses a welded peripheral portion of the ink pack when the press member is housed on the cartridge case along with the ink pack in the combination as claimed.

Claims 77-93 are allowed because none of the prior art references of record teaches an ink cartridge for use with a recording apparatus comprising an ink pack press member which is housed in the cartridge case along with the ink pack and which adjusts the volume of ink to be filled into the ink pack in accordance with the volume of the press member, wherein said press member is separate from said cartridge case in the combination as claimed.

CONCLUSION

Any comments considered necessarily by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
